ABOUT US

Wteam and Company Limited is an ISO 9001:2015 and COREN certified company with over (35) thirty-five years of experience in delivering Engineering Design, Software Sales, Technical Consulting, Project Management, and Capacity Development (Training) Services in Nigeria and the West African subregion.

We provide our clients with engineering expertise throughout a project lifecycle; through feasibility studies/concept engineering, front-end, detailed, construction engineering, procurement support, construction management, 2D and 3D as-built documentation in green and brownfield (large and small scale) projects for Upstream, Mid-stream and Downstream facilities as well as corrosion control for the maritime industry.

Our team is made up of highly skilled and experienced engineers and other professionals in Process, Mechanical, Piping, Pipeline, Instrumentation, Automation, and Control, Civil/Structural, Electrical, Telecoms, Materials and Corrosion Control, Technical Safety, with strong capabilities in providing practical solutions to complex problems at all phases of engineering projects. We also offer data archiving and digitization services.

Furthermore, we are the sole representatives of Aspentech, Aucerna, Quorum, Inprocess, and Sunrise Systems for the deployment, maintenance, training, and support of their engineering and planning software suite in the West African subregion.

Our most recent success story for Planning software suite includes implementation and Training of NNPC resource staff on the use of esi.manage for budgeting and planning purposes, PlanningSpace for corporate planning and petroleum economics, and Aucerna Execute for AFE NAV Management.

CORPORATE STATEMENTS

Our Mission

To provide a diverse range of client focused and cost-effective engineering & software solutions in the oil & gas, manufacturing, and maritime industry.

Our Vision

To be the reliable indigenous company in the West African sub-region delivering world-class engineering services and simulation software to the oil and gas industry.

Our Core Values

- Commitment to Quality Service
- Culture of Continuous improvement
- Integrity
- Building lasting relationship

HSE Policy Statement

It is the policy of WEAM & Company Limited to conduct its activities in such a manner that will ensure the health and safety of its employees and those of other persons who may be affected, and that at all times adequate attention is given to the protection of the environment.

It is understood that the achievement of efficient and effective operations requires that Health, Safety and Environment issues be given equal attention as production. Management therefore, has the responsibility of providing a safe and healthy place of work, a safe system of work, effective training, and also establishes an effective schedule of programs with full management support and involvement.

The company also understands that Health, Safety and Environment concerns are part of management duties and responsibilities for which they are primarily responsible. In line with this therefore, management will continuously give health, safety and environmental issues top priority in policy formulation, as well as in the design, construction, operation and maintenance of facilities and machineries. While management is responsible for all the above, it is hoped that employees on their own part will always carefully conduct themselves, their colleagues and other persons involved in the activity are prevented from accidents and that the operation is not endangered. Workers will also be required to fully comply with all Company HSE regulations.

In an effort and as a starting approach to achieve the above policy, a dedicated position of a Safety Manager/Supervisor will be created, with the responsibility of co-coordinating, health, safety and environmental issues within the organization.

Due to the urgent need to have an effective HSE, that would at all times reflect the latest developments in industry, this policy will be reviewed annually.

WEAM QUALITY POLICY STATEMENT

Weam and Company Limited has established its Quality Policy to be consistent with its purpose and context. This document provides a framework for the setting and review of objectives. In addition to our commitment to satisfy applicable customers', regulatory and other requirements as well as our commitment to continually improve our management system.

Our main objective is continuous improvement and there are important areas below which shall be our focus in the quest for achieving our desired results.

OUR COMMITMENT

- **Customer focus** As an organisation, we have made a commitment to understand current and future customer needs; meet their requirements and strive to exceed expectations.
- **Leadership** Our top Management are committed to creating and maintaining a work environment in which people become fully involved in achieving our objectives.
- **Engagement of people** As an organisation, we recognise that people are the essence of any good business and that their full involvement enables their abilities to deliver mutual benefit.
- **Process approach** As an organisation, we understand that the desired result is achieved more efficiently when activities and related resources are managed as a process of interconnected processes.
- **Improvement** We have committed to achieving continual improvement as one of the key aspects of our Quality Management System; it is one of our main annual objectives.
- **Evidence-based decision making** As an organisation, we have committed to only making decisions relating to our QMS following an analysis of relevant data and information.
- **Relationship management** We recognise that an organisation and the relationships it has with its external providers are interdependent and a mutually beneficial relationship enhances the ability of both to create value.

Our policy is also to meet the requirements of other interested parties and to address our social, environmental, regulatory and legislative responsibilities.

What We Do

ENGINEERING / CORROSION CONTROL

SOFTWARE SALES, DEPLOYMENT AND SUPPORT

TRAINING AND MANPOWER RESOURCING

PROJECT MANAGEMENT, COST ESTIMATION AND TECHNICAL CONSULTING

SIMULATION STUDIES

ENGINEERING

OUR OPERATIONS

- **Offshore and Onshore oil and Gas field production**
- **Natural gas processing facilities**
- **Refinery and process units**
- **Petrochemical facilities**
- **Environmental Services**

Within these areas in focus, Weam and Company Limited can provide any combination of the following:

**Feasibility studies /
Conceptual
development**

**Front-end design /
Basic Engineering**

Detailed Engineering

As-built Documentation

Fabrication, construction and installation Management

Procurement support/ Vendor

SOFTWARE SALES, DEPLOYMENT & SUPPORT

We support the following software:

ASPENONE Engineering Suite

- **Aspen Hysys**
- **Aspen Hysys Dynamics**
- **Aspen Flare System**
- **Analyzer**
- **Capital Cost**
- **Estimator**
- **In-Plant Cost Estimator**
- **Aspen Refinery Modelling**

Quorum Energy Suite

- **Strategy & Portfolio Mgt.**
- **Business Planning**
- **Asset Development**
- **Capital Management**
- **Reserve Management**

Pipenet

- **Aspen Mett**
- **Planning Space**
- **Aucerna Execute**
- **Energy Components**
- **Val Nav**
- **PetroVr**
- **Flowcal**
- **EnergyIQ**
- **Previso**
- **Dawinci**
- **Portfolio**
- **Reserves**
- **Energysight**

Cloud Computing

PROJECT MANAGEMENT, COST ESTIMATION & TECHNICAL CONSULTING

OUR OPERATIONS

- **Improving quality, quantity and consistency of estimates in all project phases.**
- **Costing, Planning and Scheduling.**
- **Consultancy services for project Cost Estimation using the Aspen Capital Cost Estimation tool.**
- **Improving costing Accuracy in all project phases.**
- **Follow-on/ Construction Engineering**

TRAINING AND MANPOWER RESOURCING

OUR OPERATIONS

- **Project Management**
- **Fundamentals of Process Society**
- **Piping Engineering Trainings**
- **Pump and Compressor Design Manpower**
- **Basic and Advanced Process Engineering and Simulation Training**
- **Engineering Software: AspenOne Engineering Suite, Flaresim, Pipenet, etc.**
- **Pipeline Engineering and Pipeline Management.**

CORROSION CONTROL

Weam and Company is a leading provider of materials and corrosion engineering services for maritime industries. We specialize in delivering corrosion engineering services - cathodic protection design, coating services, and materials selection - for ships, yacht, oil tankers, naval vessels, as well as equipment and vessels for FPSO.

OUR OPERATIONS

- **Corrosion Prediction software services.**
- **Coating Services**
- **Material Selection**
- **Cathodic Protection Designs**

SIMULATION STUDIES

OUR OPERATIONS

- **Steady State and Dynamic Simulation Studies**
- **Flow Assurance Studies**
- **Integrated Flare System Analysis**
- **Design of Operator Training Simulator**

KEY ACHIEVEMENTS

ONGOING ENGINEERING PROJECTS

PROJECT NAME:	Procurement, Installation, Calibration and Commissioning of Gas Metering Equipment.
PROJECT CLIENT:	Niger Delta Power Holding Company Limited
DESCRIPTION:	Procurement, Installation, Configuration and Commissioning of Gas Metering Instruments (Transmitters, Gauges, Flow Computers, Gas Chromatographs, etc) for Gas Metering stations and Power Plants

Procurement

Installation

PROJECT NAME:	FEED, Detailed Engineering Design, Follow-on Engineering and As-built documentation for EPC of Pipeline Infrastructure for Gas Supply to Escravos Environs Power Supply Project.
PROJECT CLIENT:	Yonkys Ya-star Nigeria Limited/ Nigeria Gas Company Ltd.
DESCRIPTION:	Weam is to provide FEED and Detailed Engineering for Pipelines, Pressure Reduction, and Metering Systems for the EPC project and also Construction support, Management and As-built documentation

KEY ACHIEVEMENTS

ENGINEERING PROJECTS

PROJECT NAME:	Detailed Engineering Design for EPC of the New Egbin Metering Station
PROJECT CLIENT:	Lateejay Nigeria Limited / Nigeria Gas Company Ltd.
DESCRIPTION:	Weam provides FEED Verification and Detailed Engineering Design for the EPC project.

PROJECT NAME:	Design and upgrade of Lightning and Earthing System
PROJECT CLIENT:	Niger Delta Power Holding Company Limited
DESCRIPTION:	Weam provided Detailed Engineering Design and upgrade works on existing Lightning and earthing protection system Using INDELEC technology for all field equipment and control room

KEY ACHIEVEMENTS

TRAININGS / DEVELOPMENT

PROJECT NAME:	5 - Day Petroleum Economics and Fiscal Regime Workshop (In Partnership with IAA Energy Resource Ltd.)
PROJECT CLIENT:	National Petroleum Development Company Ltd (an NNPC Subsidiary)
DESCRIPTION:	Training of 20 Petroleum Economists Engineers on the fundamental knowledge of Petroleum Economics and Project Analysis. The workshop was designed to enable participants to learn about Upstream Petroleum Economics, Fiscal Regimes (International and Nigerian), Project Analysis, and Project Selection

PROJECT NAME:	Knowledge Transfer and Capacity Development
PROJECT CLIENT:	National Petroleum Development Company Ltd
DESCRIPTION:	Training Staff of the Planning Department on the use of Planning Space to improve strategic decision making and Portfolio Management.

KEY ACHIEVEMENTS

SOFTWARE PROJECTS

PROJECT NAME:	Procurement and Installation of esi-manage software for Corporation-wide Planning and Project Economics.
PROJECT CLIENT:	Nigeria National Petroleum Corporation (NNPC)
DESCRIPTION:	Deployment and Training of NNPC staff on the use of esi-manage software for Budgeting and Planning.

PROJECT NAME:	AFE NAVIGATOR Software for AFE Processing
PROJECT CLIENT:	Nigeria National Petroleum Corporation (NNPC)
DESCRIPTION:	Provision of Licence and the Implementation of AFE NAV Solutions.

PROJECT NAME:	Project Implementation of PlanningSpace TM Software for Corporate Planning, Portfolio Management, and Petroleum Economics.
PROJECT CLIENT:	National Petroleum Development Company Ltd (an NNPC Subsidiary)
DESCRIPTION:	Weam successfully deployed PlanningSpace Software to NPDC for performing reliable and repeatable analysis using a single Data structure. The powerful data management, collaboration, and control functionality of the tool further ensured trustworthy and correct data input for planning and modelling purposes.

PROJECT NAME:	Software Support and Maintenance for esi-manage, and AFE NAV
PROJECT CLIENT:	Nigeria National Petroleum Corporation (NNPC)
DESCRIPTION:	Provision of software support and maintenance for both esi-manage and AFE NAV for NNPC's Corporate Planning and Strategy department.

www.weamandcompany.com

WEAM AND COMPANY LIMITED is an Engineering, Procurement, Construction, Installation, and Commissioning (EPCIC) firm specialized in providing comprehensive solutions for the oil and gas industry. We offer a wide range of services that encompass the entire project lifecycle. As trusted partners of industry-leading software providers, AspenTech and Quorum, we not only deliver exceptional EPCIC services but also provide specialized training programs tailored to the unique needs of our clients. Our training initiatives empower companies in the oil and gas sector to maximize their operational efficiency. WEAM stands at the forefront, ensuring that our clients achieve their project objectives and thrive in today's competitive landscape.
